# Lincoln Elementary
# Board Report - October 2026

- Lincoln primary teacher teams are working on family engagement literacy and numeracy events for our parents to attend with their child. Each grade level will be offering one literacy and one numeracy event throughout this school year. Teachers will receive grant money for their planning and implementation through our recently acquired 3-year *Educate NKY* grant, while families will receive resources that will help them work with their child at home in the areas of reading and math. We will be conducting a survey to inquire about the best days/times/barriers to ensure as many families as possible can attend our different offerings. We will offer at various times in order to ensure parents may attend what works best for them.

- We are excited to host our upcoming Fall Family Engagement Conferences on Monday, November 2nd from 11 - 6 pm. Our goal is to reach 100% attendance. I will report on our outcome at the next Board Meeting. During these conferences, teachers will share and discuss - overall student progress including 1st Quarter Report Cards, benchmark reports, and KSA reports with parents.

- Our work with student attendance continues to make a BIG impact. Last year we partnered with *Upspring* to work with students in tier 3. This year, including this continued work with students, we have created a new partnership with *NKCAC* as they will be working with our families in tier 3 to help remove barriers and to provide needed resources. We are proud of our work WITH families on our attendance mission of growing *"9 Days or Less Equals Success".*

- Upcoming November 3rd Teacher and Staff Professional Learning Day!
    - Stefany Bragg will be coming for a full-day session with our primary teachers to discuss instructional practices and review *Acadience* data. Data trends will be examined for any appropriate instructional changes.
    - Intermediate teachers will be working with school and district administration during this professional learning day to work on our mission to increase EACH of our students' state test scores.

- Our student clubs have/are beginning! We are excited to be offering so many different club opportunities for students including - - - Kindness Club, Chess Club, Creators Club, Academic Team, Student Council, Club Unify, Board Game Club, The FIVE (all boys groups), Drama Club and Girls on the Run. We are working to ensure each of our students in grades 3-6 sign up for at least one club opportunity!

- Our Fall field trips are in full swing, with every grade level preschool through 6th grade having their first field trip of the year scheduled or completed. We continue to use our comprehensive, consistent field trip plan to ensure all students have a multitude of outside of school experiences during their time at Lincoln. Additional special area field trips (fine arts and health) AND *Adopt a Class* field trips have also been added.

- Our LES PTC (Parent Teacher Committee) has been busy planning fun things for our students and their families. They held our first annual *Trunk or Treat* last Wednesday, which was a HUGE success! Their annual *LES PTC Fall Festival* will be held on Friday, October 30th from 6:00 - 8:00 pm. We are always so grateful that PTC makes their fundraisers fun family events, too!
